Imagine the Possibilities®

Generations of *Innovation*

In 1955, our co-founder Albert Schmidt began his own business venture out of a small garage in Cleveland, Ohio. He wisely named his new company after his wife, Joyce, who always stood for integrity and honesty. Through her support and their commitment to excellence, it set the foundation for quality products that are crafted to enhance your home and last for generations.

Still family owned and operated today, we continue their vision through three state-of-the-art manufacturing facilities that enable us to concentrate on the details that matter. Manufacturing quality products designed to custom fit your home, to complement your style, and to enhance your living space. We challenge you to follow Albert and Joyce's vision to **Imagine the Possibilities®** with a Joyce Sunroom.
